

NATIONAL CLUSTER ASSOCIATION

We connect cluster organizations and technology platforms defend their needs and develop cluster policy in the Czech Republic.

The National Cluster Association (NCA) is a non-governmental non-profit organization that brings together entities and individuals with the goal of coordinated and sustainable development of cluster initiatives and cluster policy development in the Czech Republic based on concentration of knowledge, experience and expertise to strengthen the Czech competitiveness.

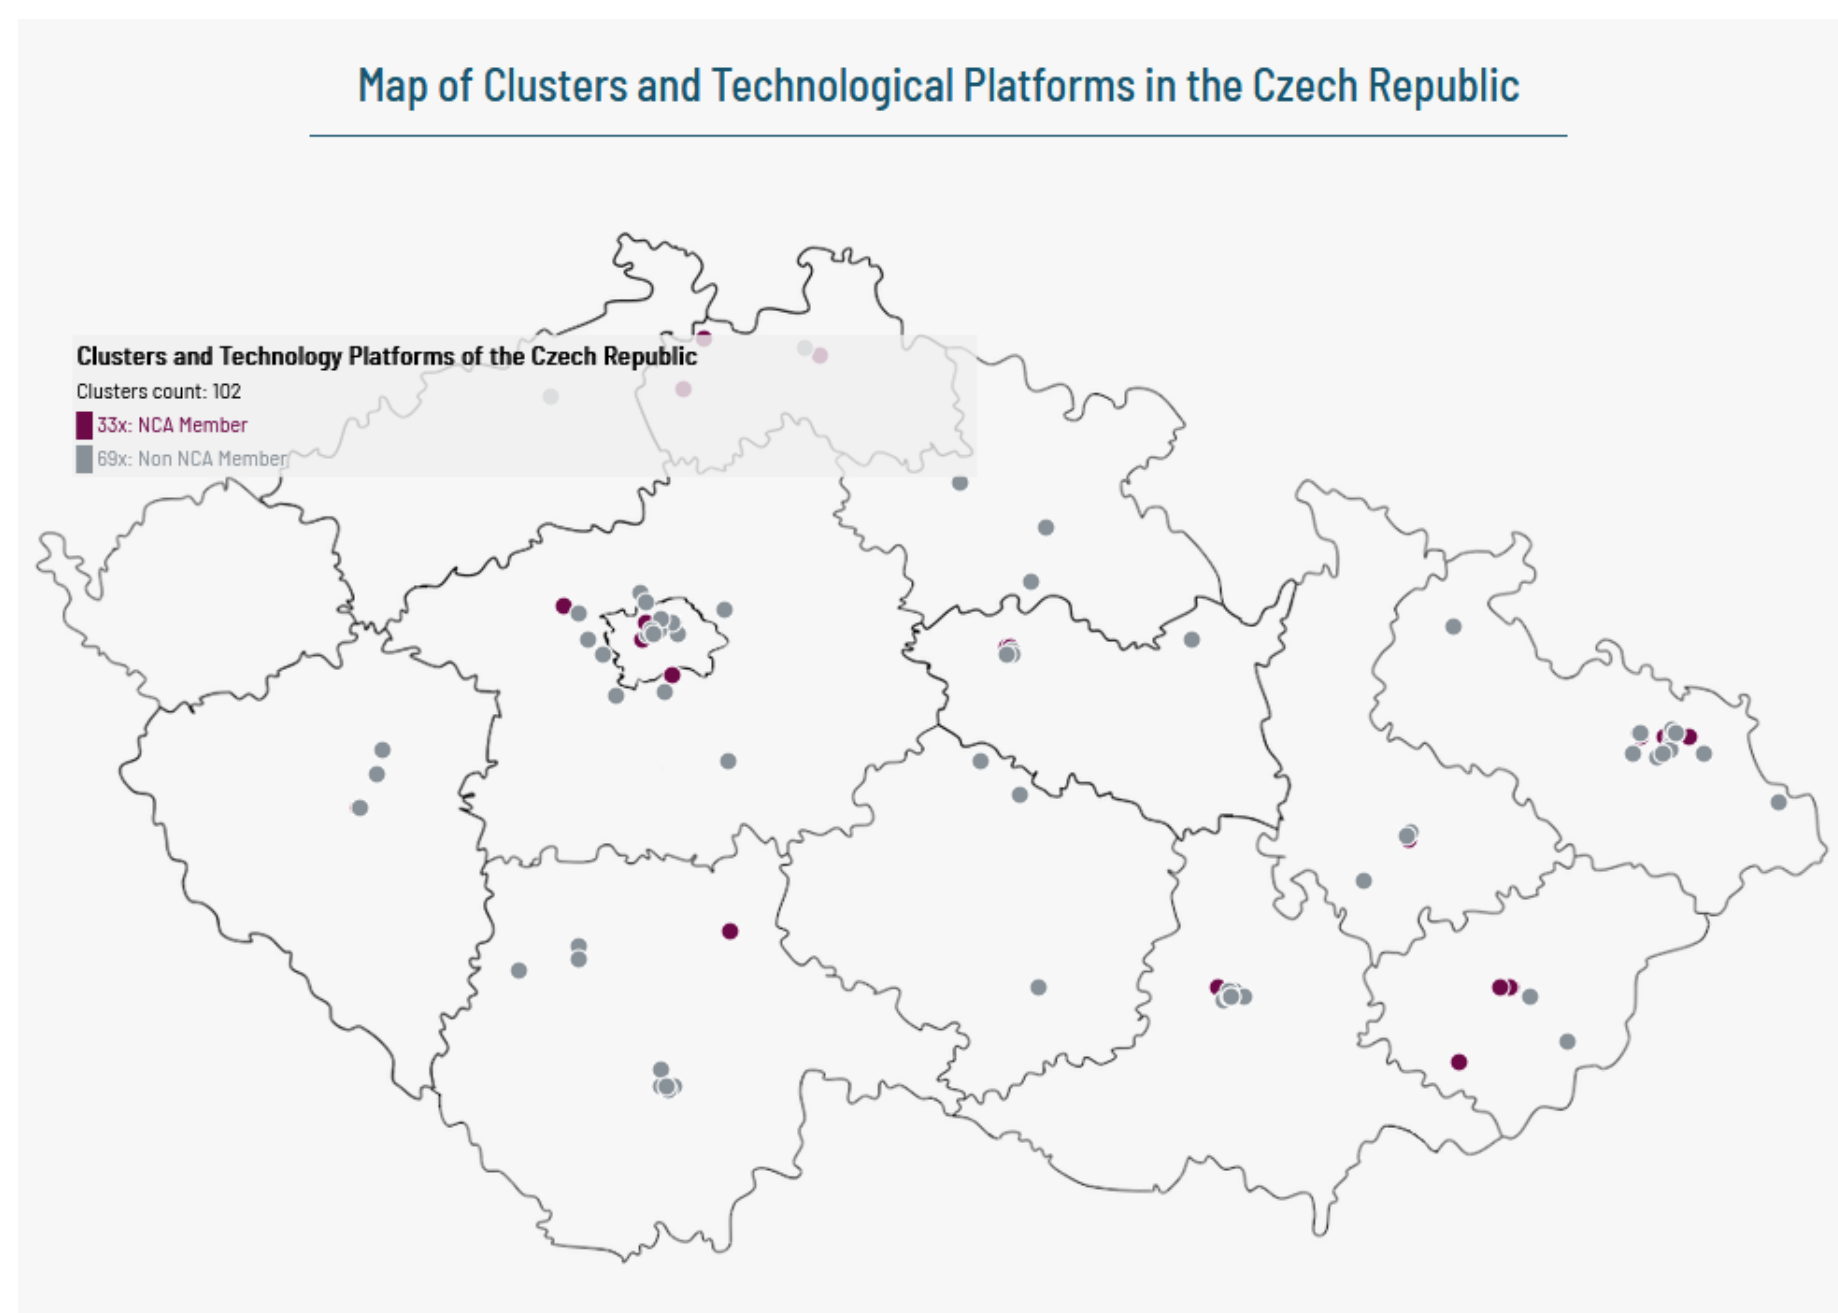

Czech – Austria Photonics 2023

Velké Pavlovice 19/4/2023

Czech Republic: A small country in the heart of Europe where clusters play an essential role in the innovation ecosystem

NCA brings together:

29 / 4

clusters and technology platforms /
research and support organizations

805 / 197

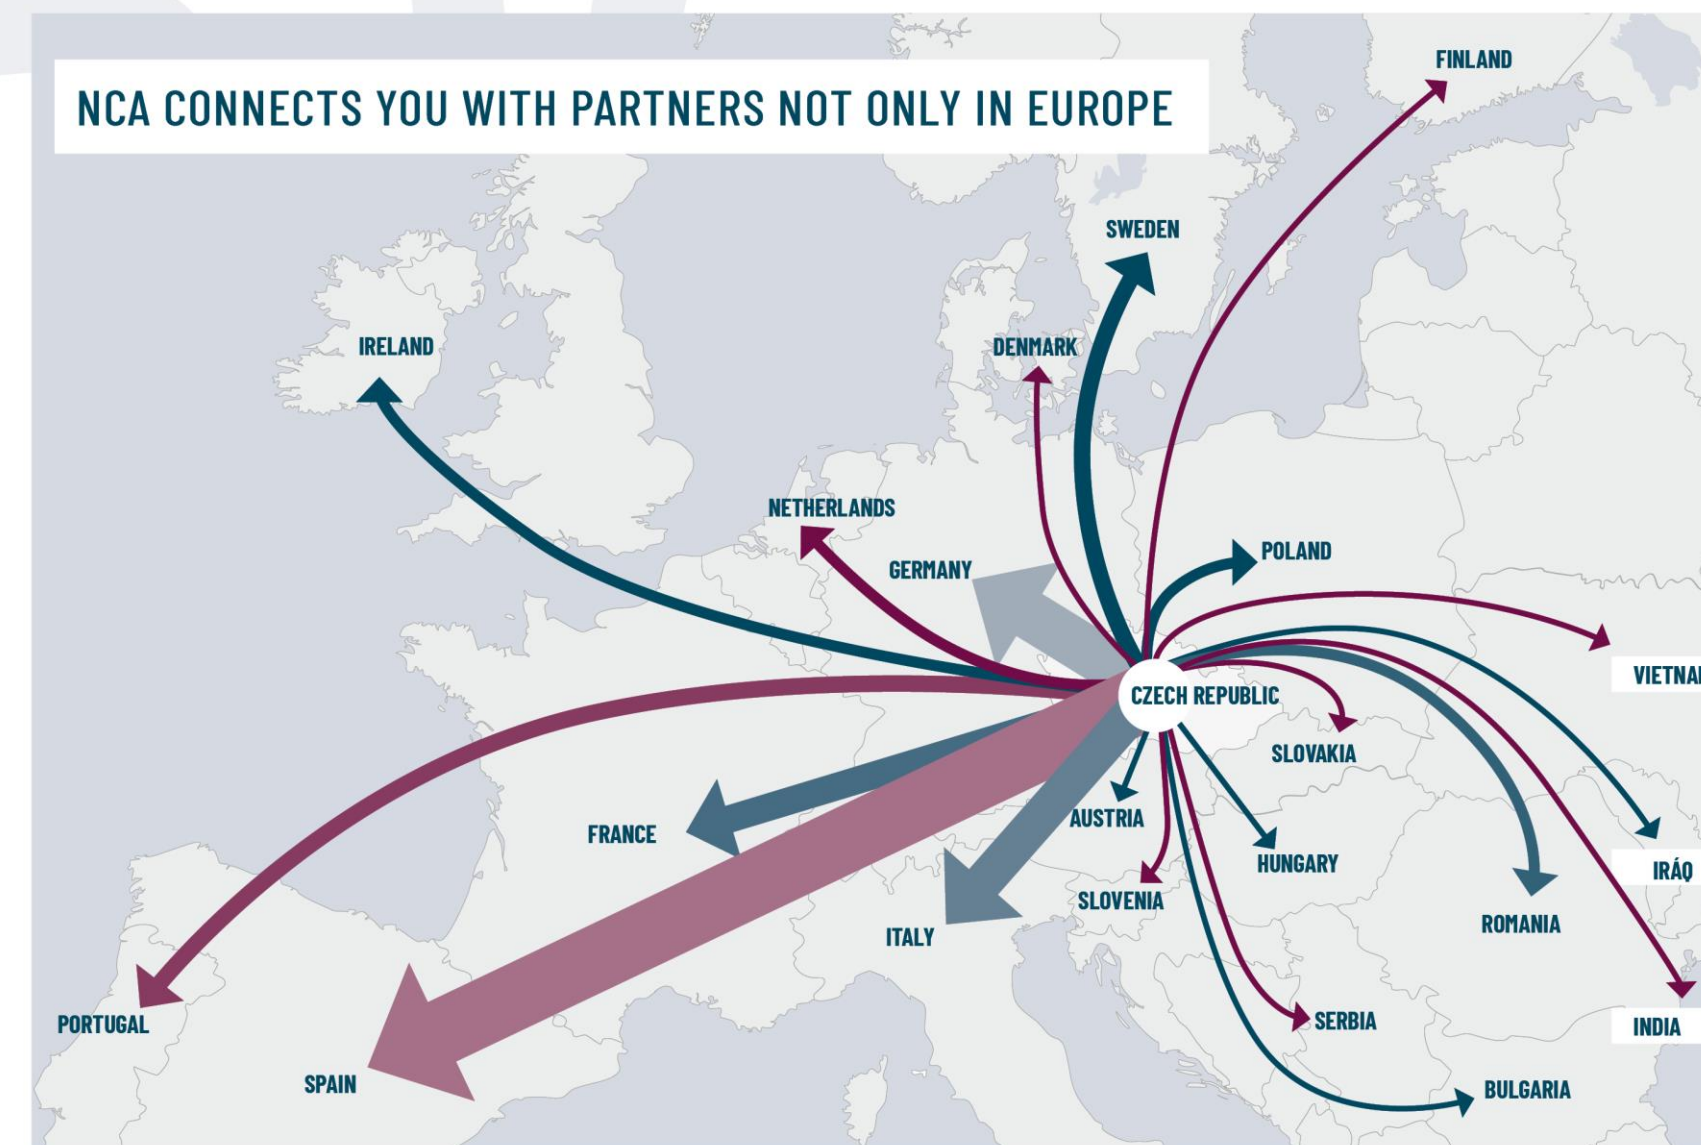

companies / other members

229 tis

Total number of employees in member
organizations (approx.)

Czech Cluster Organisations cover near all Industrial Ecosystems
